Plan K-O Polio Campaign

The medical staff of the Hancock General Hospital has planned a K-O Polio Campaign for the entire population of Hancock County. The first immunization will be on Sunday, April 21, at four locations throughout the county. The campaign is being published below a statement by Dr. J. B. Levens, chairman, of the Hancock County Medical Society.

Dr. J. B. Levens, chairman, of the Hancock County Medical Society, said the medical staff of Hancock General Hospital has embarked on a civic project of paramount importance to our community, the K-O Polio Campaign for the immunization of everyone in Hancock County against polio.

If this campaign prevents (one) additional case of polio in this community then all our efforts will be worth while.

We expect this campaign, if successful, to do far more than that.

Briefly, we purpose to administer a dose of Type I Sabin Oral Polio vaccine to every person in Hancock County. This dose, taken by mouth on a lump of sugar, will protect against the most virulent type of polio - the type we have been experiencing here - within a period of days. Two other doses will complete the mass protection this fall.

The first immunization will take place on Sunday, April 21, at four

CANCER FUND DRIVE BEGINS...

Others named were Bay St. Louis captains, Mrs. Leo Seal, special gifts; Mrs. J. W. Clark, Cedar Point; Mrs. John Rutherford Jr., and Mrs. Gordon C. Romanoff, co-captains, Highway 90 to Bay-Waveland line; Joseph Benvenuti, professional men captain; and Joseph Marchionni, industrial; John Damborino and Powell Glass, publicity; Waveland captain, Mrs. A. J. Butz; Clermont Harbor, Mrs. J. P. Rousseau; Lakeshore, Mrs. Ray Rasmussen; Kiln, Mrs. Melva Haas; Pearlington, Mrs. Irma Cuevas; Logtown, Mrs. Roy Baxter.

Colored captains named were Paul Lewis for Bay St. Louis; Clarence Wilkerson, Kiln, and Mr. and Mrs. Ezekiel Evans, Pearlington and Logtown.

A film will be shown at 2 p. m. April 10, at the Clermont Youth Center.

The program to be brought to the people this year will be the seven danger signals.

During the past five years, Hancock County has contributed a total of \$5,052.23 to the American Cancer Society. The requested quota for that period was \$6,265.00.

Hancock's banner year was 1962 when chairman Mr. and Mrs. Anderson raised \$1,526.78. All indications are, the chairman stated, that this year will be another banner year.

Of the funds collected, 40 percent will go to National; 60 percent will be left in the Mississippi Division and of this 60 percent, 20 percent will be given to the county unit for service. During the past year 16 Hancock County residents were reported to have died of cancer. There are an estimated 92 cancer cases in the county at the present time, Dr. Russo reported.

Since September 1, 1962, two Hancock County residents have been admitted to the American Cancer Society program.

Mrs. Rosa E. Sigerson, 86, died at 2:30 a. m. Wednesday, April 3, in Bay St. Louis.

locations throughout Hancock County, under the supervision of the Hancock General Medical Staff. Follow-up mass immunizations are scheduled later.

More than 200 unpaid volunteer workers, in addition to our members, are being recruited for this maximum effort. The Bay St. Louis Jaycees and the American Legion (Clement Bontemp Post No. 139) has joined us in co-sponsoring this program, and in helping to provide the volunteer manpower essential to its success.

The Medical Staff feels that this project, to be successful, must be a community project in every sense of the word, NOT a "Medical Staff project."

Because of its nature, we have assumed the role of medical leadership in this effort to stamp out, once and for all, the menace of polio in our community.

We seek to accomplish this with the partnership of every citizen in Hancock County.

We specifically ask your help in these ways:

First, we ask each of you individually to participate in this program, and to encourage by your personal example all your friends, your relatives, your business associates, and others over whom you exercise constructive influence.

Your own family doctor will tell you that this mass immunization is the best piece of polio insurance you will ever get.

Hundreds of individuals in Hancock County are donating time and services to this campaign. These generous contributions we appreciate to the fullest.

However, the cost of the vaccine

THE FIVE DAYS

The Palms and the Cross were but five days apart!

On Sunday, down a road strewn with palms, Christ rode triumphantly into Jerusalem . . . and men hailed Him as their King.

On Friday He climbed the rugged slope of Calvary . . . and they nailed Him to a Cross.

How suddenly good turns to evil! How quickly we sometimes lose our vision of God! The paradox of those five days is history's striking lesson in the importance of a constant faith. The faltering, hot and cold sort of religion made possible the Crucifixion!

Palm Sunday you'll be going to Church. In a quiet moment in the sanctuary remember those five days . . . resolve to worship EVERY Sunday, and to live your faith EVERY day.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For the sake of his community and nation. (3) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Social Security

Most people who got social security benefits last year and earned over \$1200 must make an annual report to the Social Security Administration. According to Jerome H. Drane, district manager here, social security, the only beneficiary excepted from this area, those over 72. Mr. Drane said that these annual reports are due together the beneficiary gets retirement, wife's, widow's, parent's, child's benefits. Those receiving disability benefits should notify the Social Security Administration any earnings regardless of the amount.

The social security people use these annual reports to make sure each person received correct benefits in 1962. Some people who didn't get all their checks for 1962 receive additional benefits when making the annual report. These annual reports, due by April 15, 1963, should not be confused with 1962 income tax returns, also due by April 15. These annual reports go to the Social Security Administration.

Jaycees Help

On Thursday, March 21st, the Bay St. Louis Jaycees voted to sponsor with the Medical Staff of Hancock County General Hospital, a program of Oral Sabin Polio Vaccine Immunization for Hancock County. This program has been used in Houston, Texas with 99.2 per cent of the population immunized. It is now in progress in New Orleans and St. Tammany Parish, La.

The tentative dates set up for the first of three "feedings" will be April 21st. There are three different "feedings" and all must be taken to be 100 per cent safe. It will be given orally, either on sugar cubes or in distilled water. Additional information of this is forthcoming.

Tom Logue was named the Outstanding Jaycee of the Month. Charles Carter announced his candidacy for Nat'l Director. He is at present serving as Area 'I' Vice President, which is comprised of all the Coast Clubs. Charles has done an outstanding job as Area 'I' VP and would be an asset to the State to be a Nat'l Director.

It was also adopted by the Club that at all future Hospital Board meetings a committee of at least three Jaycees will be present to be able to report to the Club the happenings at these meetings.

Plans were laid to paint the Jaycee home and repair the roof. It was noted that the parking lot behind the home was finished and ready for use.

Things are getting better in the fishing line, good weather of the past few days have caused fresh water fish to start striking again. Some speckle trout are still being caught on the bridges and out in the marshes according to reports. Soft crabbing and floundering is improving.

For those who have not been soft crabbing and seen how the crabs shed their hard shells it is quite an interesting sight and sport.

From past experiences we know that it takes about 5 minutes for a crab to actually shed its shell and become soft. How long it takes for a crab to become hard again, have never been found out, but it is known that crabs that shed in the afternoon will still be semi-hard for the next 3 or 4 hours. It is amazing to watch a crab pull its entire body out of the shell, eyes, feelers and all. The soft crabs that are caught out in the bay shed naturally but a system used for shedding crabs is quite an art. Commercial crab sellers know when crabs are ready to shed and have bins into which they place the crabs until they shed. It is a mistaken idea that people call a large soft shell crab a buster. A buster is really a crab which is ready to shed and is in the process of bursting open so that the crab can come out of its shell. The crab after shedding is usually found just behind its hard shell in a hole made by the crab just before shedding.

Go with someone who really knows and learn how soft crabs are made. It's interesting. We have some real crabs in our midst. To mention a few - Henry Lang, Nolan Ladner, John Scaffide, Jr., Dec Elliott, John Damborino, Cotton Blaize, etc. Watch for them, they will be out after them soon. Crabs can be caught most any night on a low tide and are best

on a full moon; they are more plentiful and fatter.

Met a likable fellow in John Smith, Hancock assistant County Agent. John told us how controlling forest fires helps all types of game. Believe it or not there have been 150 fires in the county so far this year. Glenn Purvis is out area Forester. Report fires when found and help protect our forests. If you have to smoke when camping, hunting and fishing be careful with matches and other things that can start fires. It pays off in the end.

Understand that - Watson Johns made a good catch of fresh water fish last week. Won't tell us where he is getting them.

Buddy Matthews of Hattiesburg while visiting his uncle Al Mercier over the weekend caught some green trout and perch. Looks like Buddy will be a frequent visitor from now on.

Joe Kern is painting and putting his boat in shape for the summer fishing. The speckles had better keep out of his way. Joe usually gets his share.

It won't be long now before local fishermen will be going out to the marshes. Hear that speckles are coming in nicely. They are caught on both plugs and live bait. Looks like a good season is ahead.

Have been meeting a lot of new comers to our town. Among them are fishermen and golfers. Let's give them a few pointers as to where and how to catch 'em. They'll appreciate it. There is plenty of water and fish for all.

Did you know that there is a law forbidding any officer to issue licenses to a person who is physically or mentally unfit to carry or use firearms?

For those who hunt turkeys the limit is one gobbler in each open season, hens not to be killed in any season.

It is not uncommon to see an otter or beaver when fishing in our streams hereabouts.

Otters can be preying and injuring to fish life according to the Fish and Game Commission.

Now is the time for planting spring gardens and vegetable gardens. For those it may be of interest to know that planting of vegetables that produce above ground should be planted 2 days before a full moon and underground 2 days after a full moon.

Planting of gardens can be a lot of fun besides furnishing something to eat. You can be a good sport by sharing with your neighbor if you have enough. Radishes can be planted in a small place most anywhere and will be ready for eating in 21 days. It's fun to watch them grow.

Although the two species of crappies, black and white, have more than 57 different names throughout their range, there is common agreement on one point. It is still fishermen's favorite. Crappies are caught mostly around shore cover such as bushes, weeds, and brush - piles. They are caught on dead bait and on fly rods. Good eating, you bet. They are getting more plentiful in our waters and give fishermen a real thrill when catching them.

Mrs. N. W. James, conference chairman, returned Sunday from Meridian where she attended the annual Womens Society of Christian Service Mississippi Conference and Western Service Guild.

Mrs. James was in charge of the pledge service Thursday, presided at the Friday luncheon and headed the pledge service for the Western Guild Saturday afternoon. The pledge of the Mississippi conference for 1963-64 was set at \$95,700.00 Mrs. James reported.

During the first 11 months of 1962, aggregate payroll for hourly and salaried employees of the steel industry was a record \$3.6 billion, according to the American Iron and Steel Institute. This was up some \$100,000 over the comparable period for 1961. Steel profits declined about 17 per cent from 1961 to 1962.

13 Top Singers Help Refugees

THE RECORD ALBUM shown in the picture above, with its list of famous names, was produced for world-wide sale by the United Nations High Commissioner for Refugees and is being distributed in the United States under the auspices of the United States Committee for Refugees. On it, the most popular artists of three continents sing songs they have never sung before.

So that the profits from its sale might go to help the world's millions of homeless people, artists, composers, music publishers and record companies contributed their services. The album is not only a collector's item—where else could you find Louis Armstrong, Bing Crosby, Maurice Chevalier, and Edith Piaf, along with singers like Patti Page and Doris Day on one long-playing record—but, in the opinion of critics, the finest sort of popular entertainment.

Voluntary agencies working for refugees, civic groups and such organizations as the American Association for the United Nations are cooperating with the United States Committee for Refugees on the project. Department stores across the country are making the program their own. The album may also be obtained from record dealers or by sending check, money order or cash (\$3.98 monaural, \$4.98 stereo) to the United States Committee for Refugees. Envelopes should be addressed to: "Refugees, P. O. Box 1000, Grand Central Station, New York 17, New York."

E. To make available to the Commission or a representative thereof on request the records and accounting system of the hospital for inspection; to establish and maintain a sound accounting system; the recommendations of the Commission and the system of hospital accounting recommended by the American Hospital Association will be taken into account in setting up and maintaining its accounting system; and said system will be coordinated with the accounting systems of other hospitals receiving grants-in-aid of the character applied for to the end that helpful data and statistics may be made available for a state-wide system of coordinated hospital and nursing service.

F. The hospital will be operated on an "open staff" plan with access to the facilities so provided available for use by all competent physicians and surgeons practicing in the hospital area who qualify under and abide by the staff rules and regulations adopted by the governing board.

G. The hospital will be governed and administered by a set of rules and regulations to be adopted by its governing board. The rules and regulations shall conform as nearly as may be feasible with the recommendations of the American Hospital Association; shall be available in printed or typed form for distribution to citizens or physicians residing in the hospital service area; and copies shall be kept on file at all times in the office of the hospital and of the Commission.

H. To comply with minimum standards of maintenance and operation as adopted by the Commission and as they may be amended from time to time with respect to the operation of said hospital.

J. The hospital will contribute funds, equipment and personnel which it may have available or can make available for such purposes toward promotion and carrying on of a state-wide program of nursing education to be inaugurated and carried on by the Commission in cooperation with participating hospitals, all to the extent and in the manner provided and contemplated by the terms of Chapter 363, Laws of 1946, as amended.

K. Actual construction work will be performed by the lump sum (fixed price) contract method, adequate methods of obtaining competitive bidding (as required by law where law so requires) will be employed prior to awarding the construction contract, and the award of the contract will be made to the responsible bidder submitting the lowest acceptable bid.

YOUTHFUL

CHATTER

BY TONI BLAIZE

Spring is bursting out all over as can be evidenced by our ONE and ONLY tennis court. Many of our youngsters have been using their stored up energy accumulated during our long cold winter. Every day one can see them playing and WAITING their turn at the game of skill. Some of those seen WAITING it out recently were Dale Russell, Martha Van Peski, Elizabeth Favre, Arte Garcia, Leslie Blaise, Michael Reinike, Cynthia Kimmell, Kenny and Danny Lamier, Denise and Sheila Arnold and many others.

The Waveland Roller Rink was the scene of a C. Y. O. skating party Monday last. Some of those enjoying the fun were Melva and Leroy Luke, Jackie and Nickie Kingston, Barry Kneeland, Margie Lenfant, Lila Ladner, Christine Ladner, Jeannie and Jimmie Ruthford and many others.

Boo Artiques and Fefe Seuzeneau went on a shopping spree in Gulfport Saturday and was climaxed when Boo purchased a real cool black swim suit.

Sharon Piazza and Sandra Favre were out to prove their physical fitness as they were seen bike riding Sunday afternoon and as a result showed up for class on Monday a bit weary.

Jeton Benigno and Joey Monti spent Saturday at Heitzmann's Farm where they enjoyed horseback riding among other things.

The weekend found Molly Beck, of Pass Christian a guest of Mimi Monti and Charleen Benigno.

Pat Goodsell is taking a leave of absence from college for a few weeks. Her grandmother, Mrs. Joseph Benvenuti, Sr., fell and broke her leg and Pat has volunteered her assistance.

Larry Jacobi, Dennis Arnold and Tim Kemery were home for spring vacation. The boys are minor seminarians at St. Benedict in Covington, La.

Wayne Ladner has returned to P. R. C. after enjoying the weekend at his parents' new country home on Blumendead Road.

Gloria and Wally Gibbons who were married on February 17th, returned from their trip to New York where she met his family. Gloria says the trip was wonderful but there was too much ice and snow and complaints that even Niagara Falls was frozen. Wally left Friday night for Istanbul, Turkey where he will be stationed with the U. S. Air Force. Gloria will stay a few months with her parents, Mr. and Mrs. Edward Kimmel before joining her husband in Turkey.

Does Melva Luke need a lawyer??? Lydia Dillmann fell in Melva's driveway and had to be rushed to a doctor for medical aid. Seems that Lydia has a leg injury.

Joe De Benvenuti suffered a leg injury Monday afternoon and was taken to Hancock General Hospital for emergency treatment. He cut his leg while playing on the City's playground merry-go-round (which is in dire need of repairs). However, there is a bright side to Joe De's injury, it gives him more time at home to get acquainted with his new brother, Benny.

Congratulations are in order for Kathleen Schaefer, Linda Mararakis, Judith Ann Calhoun and James Walters. They made the A and B Honor Roll at Pearl River Junior College for the first nine weeks of the current semester.

Bees are really buzzing at S. J. A., as the Spring Festival will soon be here, April 20th to be exact. This is one of the biggest events of the year. All the girls are busy trying to select their outfits and decide which one of their beaux will be the lucky fellow to escort them to the Festival.

Remember that the City Library is now open on Wednesdays until 9:00 P. M. This is a good opportunity to get some research done for all the themes and reports the teachers have been assigning lately.

Good luck and best wishes to Leroy Luke who will celebrate his 17th birthday on Sunday.

Barry Kneeland, Leslie Blaise and Leroy Luke enjoyed a weekend of hunting, fishing and swimming at the Luke's Camp. The results of the outing were a few fish and a lot of sun burn!

Congratulations to the Bay High Tigers who defeated the Pirates of Pass Christian, by a score of 18-9 in a Gulf Coast Conference baseball game.
